## A MESSAGE FOR THE COMMUNITY

Philanthropy is an integral part of our culture at The Christ Hospital, tracing to our founding more than 125 years ago. James Gamble's generosity opened the doors of the hospital and launched our mission of caring for the city's sick and poor. Another transformative donation, this one in 1982, laid the groundwork for our Heart Program and positioned The Christ Hospital as one of the most advanced institutions in the country for the evaluation and treatment of heart disease.

The Christ Hospital Foundation, charged with nurturing and advancing the hospital's culture of philanthropy, has focused during the year on raising funds for the Heart Program. I am pleased to report to you that \$9.4 million was raised in total last year.

Philanthropic support, so ingrained in our past, is also critical to our future. The generosity of the community, our doctors and employees, along with significant investment by the hospital, ensures that the very best care remains affordable and accessible close to home.

By increasing individual, corporate and foundation donations that support hospital initiatives, The Christ Hospital Foundation plays an essential role in ensuring that you and your family can turn confidently to our health network for the care you need, whether it's world class heart care, cancer care, women's health, joint and spine care, or any of our other award-winning care programs. At the same time, we secure support for the research and clinical trials that bring you the most advanced treatments available.

The Christ Hospital Foundation is grateful to every donor. If you have experienced exceptional care at The Christ Hospital, a donation is a meaningful way to say thanks. If you want to make an impact on the health and wellbeing of our community, your donation will make a difference. Contact me and, together, we can pair your interests with hospital needs.

With gratitude,

**RICHARD F. KAMMERER**  
President, The Christ Hospital Foundation

Proceeds from The Christ Hospital Gala have provided breast pumps, sleep sacks, cribs, and more to help mothers continue breastfeeding and safe sleep routines at home.

A grant from The Maxon Foundation, U.S. Bank, Successor Trustee, has provided telemedicine technology to connect patients in rural communities with cardiologists at The Christ Hospital.

# THANKS TO OUR DONORS

## LIFETIME GIVING

The Christ Hospital Health Network is pleased to recognize the generosity of our donors whose lifetime contributions total \$100,000 or more. Through their efforts and dedicated support, The Christ Hospital has become the standard-bearer of excellence in healthcare for the region.
